

CONTENTS

| | |
|---|-----|
| Contents | 3 |
| Interactions of Indomethacin with Central GABA Systems. <i>P. T.-H. Wong</i> | 5 |
| Differential Role of Dopamine Receptor Subtypes in Thermoregulation and Stereotypic Behavior in Naive and Reserpinized Rats. <i>A. Verma and S. K. Kulkarni</i> | 17 |
| Anti-Hypoxic and Anti-Ischemic Actions of Indeloxazine Hydrochloride and its Optical Isomers: Possible Involvement of Cerebral Energy Metabolism. <i>M. Shimizu-Sasamata, M. Terai, M. Harada and M. Yamamoto</i> | 33 |
| Influence of Pretreatment with Phenytoin, Lidocaine and Quinidine on the Cardiodynamic and Electrophysiological Effects of Ouabain in the Cat Heart-Lung Preparation. <i>J. A. Simaan</i> | 47 |
| Persistent Sodium Currents Induced by Anthopleurin-A and their Relationship to Early Afterdepolarizations in Ventricular Myocytes. <i>W. Craelius, W. Green and K.-M. Wu</i> | 60 |
| Effect of 7-oxo-PGI ₂ on Myocardial Infarct Size and Role of Oxygen Radicals in its Protective Effect. <i>K. Ranaut, M. Singh, K. Chopra and N. K. Ganguly</i> | 75 |
| Effects of the Angiotensin-Converting Enzyme Inhibitor Quinapril on Renal Function in Rats. <i>M. J. Graziano, L. A. Dethloff, H. E. Griffin and D. G. Pegg</i> | 87 |
| Studies on the Muscle-Paralyzing Components of the Juice of the Banana Plant. <i>Y. N. Singh, W. D. Inman, A. Johnson and E. J. Linnell</i> | 105 |
| Effects of Buspirone on the Resistance, Development and Passive Transfer of Immunity to <i>Listeria monocytogenes</i> in Mice Submitted to Stress. <i>M. Freire-Garabal, M. J. Nuñez, J. C. Fernandez-Rial, M. Rey-Mendez and A. Belmonte</i> | 114 |
